Subject Index*

A

Acinetobacter baumanii
Acinetobacter baumanii line–associated infection (Go et al). 2000;29:222-4

Acute care
Advanced practice nursing role delineation in acute and critical care: application of the Strong Model of Advanced Practice (Mick and Ackerman). 2000;29:210-21

Adaptation, psychological
Gender differences in coping styles and coping effectiveness in chronic obstructive pulmonary disease groups (Frey). 2000;29:367-77

Adult respiratory distress syndrome; *see* Respiratory distress syndrome, adult

Aeromonas hydrophila
Necrotizing fasciitis caused by *Aeromonas hydrophila* (Minnaganti et al). 2000;29:306-8

Affect
A pilot study exploring mood state and dyspnea in mechanically ventilated patients (Connelly et al). 2000;29:173-9

African Americans
Dyspnea self-management in African Americans with chronic lung disease (Nield). 2000;29:50-5

Amiodarone
High defibrillation threshold at cardioverter defibrillator implantation under amiodarone treatment: favorable effects of D,L-sotalol (Boriani et al). 2000;29:412-6

Angiocardiography
Estimation of effective radiation dose for physicians and staff members in contrast angiocardiography (Al-Shakhrah and Abu-Khaled). 2000;29:417-23

Angiography
Acute myocardial infarction with angiographically normal coronary arteries (Tun and Khan). 2000;29:348-50

Angioplasty, transluminal, percutaneous coronary
Perceived learning needs of the patient undergoing coronary angioplasty: an integrative review of the literature (Gentz). 2000;29:161-72

Antibodies, antiphospholipid
Antiphospholipid antibody syndrome: implications for nursing practice (Brenner and Myer). 2000;29:331-9

Anxiety
A randomized, controlled trial of vicarious experience through peer support for male first-time cardiac surgery patients: impact on anxiety, self-efficacy expectation, and self-reported activity (Parent and Fortin). 2000;29:389-400

Aorta
Stenotrophomonas maltophilia endocarditis of prosthetic aortic valve: report of a case and review of literature (Mehta et al). 2000;29:351-5

Arm
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2

Arteriovenous fistula
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2

Arthritis, infectious
Persistent septic arthritis with recurrent bacteremia as a result of a tolerant strain of *Staphylococcus aureus* (Go et al). 2000;29:383-5

Aspiration
Effect of the Passy-Muir tracheostomy speaking valve on pulmonary aspiration in adults (Elpern et al). 2000;29:287-93

Asthma
Asthma education: creating a partnership (Reinke and Hoffman). 2000;29:225-36

Atrial fibrillation
Atrial fibrillation and tumor emboli as manifestations of metastatic leiomyosarcoma to the heart and lung (Lopez et al). 2000;29:47-9

Atrial function
Cardiac tamponade after removal of atrial intracardiac monitoring catheters in a pediatric patient: case report (Johnston and McKinley). 2000;29:256-61

Australia
Treatment-seeking behavior for acute myocardial infarction symptoms in North America and Australia (McKinley et al). 2000;29:237-47

B

Bacteremia
Persistent septic arthritis with recurrent bacteremia as a result of a tolerant strain of *Staphylococcus aureus* (Go et al). 2000;29:383-5

Belgium
Reliability and validity of the Critical Care Family Needs Inventory in a Dutch-speaking Belgian sample (Bijttebier et al). 2000;29:278-86

Brandstetter, Dr. Robert D.
In memoriam (Stone). 2000;29:3

Broad complex tachycardia; *see* Tachycardia

Bronchiectasis
Bronchopulmonary hygiene physical therapy in bronchiectasis and chronic obstructive pulmonary disease: a systematic review (Jones and Rowe). 2000;29:125-35

Bronchopulmonary hygiene; *see* Hygiene

C

Cardiac arrest; *see* Heart arrest

Cardiac surgery; *see* Heart surgery

Cardiac tamponade
Cardiac tamponade after removal of atrial intracardiac monitoring catheters in a pediatric patient: case report (Johnston and McKinley). 2000;29:256-61

Cardiopulmonary rehabilitation; *see* Rehabilitation

Cardiovascular diseases
Women's Initiative for Nonsmoking (WINS) I: design and methods (Froelicher and Christopherson). 2000;29:429-37
Women's Initiative for Nonsmoking (WINS) II: the intervention (Martin et al). 2000;29:438-45

Cardioverter defibrillator; *see* Defibrillators, implantable

Catheters, indwelling
Cardiac tamponade after removal of atrial intracardiac monitoring catheters in a pediatric patient: case report (Johnston and McKinley). 2000;29:256-61
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2
Incidence of cardiac dysrhythmias in patients during pulmonary artery catheter removal after cardiac surgery (Baldwin and Heland). 2000;29:155-60

Cellulitis
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2

Central line placement; *see* Catheters, indwelling

Chest; *see* Thorax

Child
Agreement between muscle movement and peripheral nerve stimulation in critically ill pediatric patients receiving neuromuscular blocking agents (Peña et al). 2000;29:309-18
Cardiac tamponade after removal of atrial intracardiac monitoring catheters in a pediatric patient: case report (Johnston and McKinley). 2000;29:256-61

Chronic disease
Differences in skin flora between inpatients and chronically ill outpatients (Larson et al). 2000;29:298-305

Chronic obstructive pulmonary disease; *see* Lung diseases, obstructive

Communication
Communication patterns and decision making among parents and health care providers in the neonatal intensive care unit: a case study (Sudia-Robinson and Freeman). 2000;29:143-8

Community hospitals; *see* Hospitals, community

Computers
Therapeutic connection: help seeking on the Internet for persons with implantable cardioverter defibrillators (Dickerson et al). 2000;29:248-55

Contamination of equipment; *see* Equipment contamination

COPD; *see* Lung diseases, obstructive

Coping style; *see* Adaptation, psychological

Coronary angioplasty; *see* Angioplasty, transluminal, percutaneous coronary

*January/February, pp. 1-78; March/April, pp.79-154; May/June, pp. 155-236; July/August, pp. 237-308; September/October, pp. 309-388; November/December, pp. 389-464.

Coronary artery
Acute myocardial infarction with angiographically normal coronary arteries (Tun and Khan). 2000;29:348-50
Coronary artery bypass
Functional status outcomes of patients with a coronary artery bypass graft over time (Barnason et al). 2000;29:33-46
Quality of life 12 months after coronary artery bypass graft surgery (Hunt et al). 2000;29:401-11
A randomized, controlled trial of vicarious experience through peer support for male first-time cardiac surgery patients: impact on anxiety, self-efficacy expectation, and self-reported activity (Parent and Fortin). 2000;29:389-400
Coronary disease
Meaning of illness for women with coronary heart disease (Rosenfeld and Gilkeson). 2000;29:105-12
Quality of life 12 months after coronary artery bypass graft surgery (Hunt et al). 2000;29:401-11
Corrections
Allergy to portamine sulfate (Porsche and Brenner) (1999;28:418-28). 2000;29:69
Domains of nursing intervention after sudden cardiac arrest and automatic internal cardioverter defibrillator implantation (Dougherty et al) 2000;29:79-86. Correction 2000;29:195
Critical care
Advanced practice nursing role delineation in acute and critical care: application of the Strong Model of Advanced Practice (Mick and Ackerman). 2000;29:210-21
A case for multisite studies in critical care (Lindquist et al). 2000;29:269-77
Reliability and validity of the Critical Care Family Needs Inventory in a Dutch-speaking Belgian sample (Bijttebier et al). 2000;29:278-86
Critical Care Family Needs Inventory
Reliability and validity of the Critical Care Family Needs Inventory in a Dutch-speaking Belgian sample (Bijttebier et al). 2000;29:278-86
Critical illness
Agreement between muscle movement and peripheral nerve stimulation in critically ill pediatric patients receiving neuromuscular blocking agents (Peña et al). 2000;29:309-18
Cross infection
Acinetobacter baumanii line–associated infection (Go et al). 2000;29:222-4

D

Decision making
Communication patterns and decision making among parents and health care providers in the neonatal intensive care unit: a case study (Sudia-Robinson and Freeman). 2000;29:143-8
Deep venous thrombosis; *see* Thrombophlebitis
Defibrillators, implantable
Domains of nursing intervention after sudden cardiac arrest and automatic internal cardioverter defibrillator implantation (Dougherty et al). 2000;29:79-86. Correction 2000;29:195
Help seeking in a support group for recipients of implantable cardioverter defibrillators and their support persons (Dickerson et al). 2000;29:87-96
High defibrillation threshold at cardioverter defibrillator implantation under amiodarone treatment: favorable effects of D,L-sotalol (Boriani et al). 2000;29:412-6
Therapeutic connection: help seeking on the Internet for persons with implantable cardioverter defibrillators (Dickerson et al). 2000;29:248-55
Devices; *see* Equipment and supplies
Diagnosis, differential
Broad-complex tachycardia in a young man (Boes and Nikolić). 2000;29:149-51
Misdiagnosis of broad-complex tachycardia (Nikolić) 2000;29:453-4
Dyspnea
Dyspnea self-management in African Americans with chronic lung disease (Nield). 2000;29:50-5
A pilot study exploring mood state and dyspnea in mechanically ventilated patients (Connelly et al). 2000;29:173-9
Dysrhythmia
Incidence of cardiac dysrhythmias in patients during pulmonary artery catheter removal after cardiac surgery (Baldwin and Heland). 2000;29:155-60

E

Ecchymosis
Effects of changing needles prior to administering heparin subcutaneously (Klingman). 2000;29:70-5
Education, medical
Evaluation of advanced cardiac life support written examinations (Braunohler and Scott). 2000;29:118-24
Education, patient; *see* Patient education
Electrocardiography
Broad-complex tachycardia (Abhayaratna and Nikolić). 2000;29:386-8
Embolism
Atrial fibrillation and tumor emboli as manifestations of metastatic leiomyosarcoma to the heart and lung (Lopez et al). 2000;29:47-9
Emergency medical services
Recognition of patients who require emergency assistance: a descriptive study (Cioffi). 2000;29:262-8
Empyema
Managing the nonsurgical candidate with an empyema related to community-acquired lobar pneumonia (McLaughlin). 2000;29:378-82
Endocarditis, bacterial
Stenotrophomonas maltophilia endocarditis of prosthetic aortic valve: report of a case and review of literature (Mehta et al). 2000;29:351-5
Equipment and supplies
Effect of the Passy-Muir tracheostomy speaking valve on pulmonary aspiration in adults (Elpern et al). 2000;29:287-93
Preventing treatment interference: the nurse's role in maintaining technologic devices (Happ). 2000;29:60-9
Equipment contamination
Humidification method that decreases condensate contamination in ventilator tubing (Austan and Suzukawa). 2000;29:56-9
Escherichia coli
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2

F

Family
Family assessment tools: a review of the literature from 1978-1997 (Neabel et al). 2000;29:196-209
Psychologic distress among spouses of patients undergoing cardiac rehabilitation (O'Farrell et al). 2000;29:97-104
Fasciitis
Necrotizing fasciitis caused by *Aeromonas hydrophila* (Minnaganti et al). 2000;29:306-8

G

Gender; *see* Sex

H

Hand
Assessment of alternative hand hygiene regimens to improve skin health among neonatal intensive care unit nurses (Larson et al). 2000;29:136-42
Health personnel
Communication patterns and decision making among parents and health care providers in the neonatal intensive care unit: a case study (Sudia-Robinson and Freeman). 2000;29:143-8
Estimation of effective radiation dose for physicians and staff members in contrast angiocardiography (Al-Shakhrah and Abu-Khaled). 2000;29:417-23
Heart and Lung
In memoriam (Stone). 2000;29:3
Heart arrest
Domains of nursing intervention after sudden cardiac arrest and automatic internal cardioverter defibrillator implantation (Dougherty et al). 2000;29:79-86. Correction 2000;29:195
Evaluation of advanced cardiac life support written examinations (Braunohler and Scott). 2000;29:118-24
Heart diseases
Psychologic distress among spouses of patients undergoing cardiac rehabilitation (O'Farrell et al). 2000;29:97-104
Heart failure, congestive
Current medical therapy for advanced heart failure (Gheorghiade et al). 2000;29:16-32
Development and testing of a clinical tool measuring self-management of heart failure (Riegel et al). 2000;29:4-15
Self-care and quality of life in patients with advanced heart failure: the effect of a supportive educational intervention (Jaarsma et al). 2000;29:319-30
Heart neoplasms
Atrial fibrillation and tumor emboli as manifestations of metastatic leiomyosarcoma to the heart and lung (Lopez et al). 2000;29:47-9

Heart surgery
Incidence of cardiac dysrhythmias in patients during pulmonary artery catheter removal after cardiac surgery (Baldwin and Heland). 2000;29:155-60
A randomized, controlled trial of vicarious experience through peer support for male first-time cardiac surgery patients: impact on anxiety, self-efficacy expectation, and self-reported activity (Parent and Fortin). 2000;29:389-400
Heart valve prosthesis
Stenotrophomonas maltophilia endocarditis of prosthetic aortic valve: report of a case and review of literature (Mehta et al). 2000;29:351-5
Hemodynamics
Hemodynamic effects of intermittent manual lung hyperinflation in patients with septic shock (Jellema et al). 2000;29:356-66
Hemorrhage
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2
Hospitals, community
Spectrum of upper-extremity deep venous thrombosis in a community teaching hospital (Marinella et al). 2000;29:113-7
Hospitals, teaching
Spectrum of upper-extremity deep venous thrombosis in a community teaching hospital (Marinella et al). 2000;29:113-7
Humidity
Humidification method that decreases condensate contamination in ventilator tubing (Austan and Suzukawa). 2000;29:56-9
Hygiene
Assessment of alternative hand hygiene regimens to improve skin health among neonatal intensive care unit nurses (Larson et al). 2000;29:136-42
Bronchopulmonary hygiene physical therapy in bronchiectasis and chronic obstructive pulmonary disease: a systematic review (Jones and Rowe). 2000;29:125-35

I

Illness
Meaning of illness for women with coronary heart disease (Rosenfeld and Gilkeson). 2000;29:105-12
Infection
Acinetobacter baumanii line–associated infection (Go et al). 2000;29:222-4
Infusions, intravenous
Acinetobacter baumanii line–associated infection (Go et al). 2000;29:222-4
Injections, subcutaneous
Effects of changing needles prior to administering heparin subcutaneously (Klingman). 2000;29:70-5
Inpatients
Differences in skin flora between inpatients and chronically ill outpatients (Larson et al). 2000;29:298-305
Intensive care units
Preventing treatment interference: the nurse's role in maintaining technologic devices (Happ). 2000;29:60-9
Intensive care units, neonatal
Assessment of alternative hand hygiene regimens to improve skin health among neonatal intensive care unit nurses (Larson et al). 2000;29:136-42
Communication patterns and decision making among parents and health care providers in the neonatal intensive care unit: a case study (Sudia-Robinson and Freeman). 2000;29:143-8
Internet; *see* Computers
Intracardiac catheters; *see* Catheters, indwelling

K

Kidney
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2

L

Learning
Perceived learning needs of the patient undergoing coronary angioplasty: an integrative review of the literature (Gentz). 2000;29:161-72
Leiomyosarcoma
Atrial fibrillation and tumor emboli as manifestations of metastatic leiomyosarcoma to the heart and lung (Lopez et al). 2000;29:47-9
Life support systems
Evaluation of advanced cardiac life support written examinations (Braunohler and Scott). 2000;29:118-24
Lobar pneumonia; *see* Pneumonia, lobar
Lung
Effect of the Passy-Muir tracheostomy speaking valve on pulmonary aspiration in adults (Elpern et al). 2000;29:287-93
Hemodynamic effects of intermittent manual lung hyperinflation in patients with septic shock (Jellema et al). 2000;29:356-66
Lung diseases
Dyspnea self-management in African Americans with chronic lung disease (Nield). 2000;29:50-5
Lung diseases, obstructive
Bronchopulmonary hygiene physical therapy in bronchiectasis and chronic obstructive pulmonary disease: a systematic review (Jones and Rowe). 2000;29:125-35
COPD: focus on prevention: recommendations of the National Lung Health Education Program (Boyle and Waters). 2000;29:446-9
Gender differences in coping styles and coping effectiveness in chronic obstructive pulmonary disease groups (Frey). 2000;29:367-77
Lung neoplasms
Atrial fibrillation and tumor emboli as manifestations of metastatic leiomyosarcoma to the heart and lung (Lopez et al). 2000;29:47-9
Lung transplantation
Research on the quality of life of lung transplant candidates and recipients: an integrative review (Lanuza et al). 2000;29:180-95

M

Malaria, *Plasmodium falciparum*
Adult respiratory distress syndrome complicating *Plasmodium falciparum* malaria (Asiedu and Sherman). 2000;29:294-7
Mechanical ventilation; *see* Respiration, artificial
Medical futility; *see* Prognosis
Men
A randomized, controlled trial of vicarious experience through peer support for male first-time cardiac surgery patients: impact on anxiety, self-efficacy expectation, and self-reported activity (Parent and Fortin). 2000;29:389-400
Metastasis; *see* Neoplasm metastasis
Metered dose inhalers; *see* Nebulizers and vaporizers
Misdiagnosis; *see* Diagnosis, differential
Mood; *see* Affect
Movement
Agreement between muscle movement and peripheral nerve stimulation in critically ill pediatric patients receiving neuromuscular blocking agents (Peña et al). 2000;29:309-18
Multisite studies; *see* Research
Muscles
Agreement between muscle movement and peripheral nerve stimulation in critically ill pediatric patients receiving neuromuscular blocking agents (Peña et al). 2000;29:309-18
Myocardial infarction
Acute myocardial infarction with angiographically normal coronary arteries (Tun and Khan). 2000;29:348-50
Treatment-seeking behavior for acute myocardial infarction symptoms in North America and Australia (McKinley et al). 2000;29:237-47

N

National Lung Health Education Program
COPD: focus on prevention: recommendations of the National Lung Health Education Program (Boyle and Waters). 2000;29:446-9
Nebulizers and vaporizers
Water accumulation in metered dose inhaler spacers under normal mechanical ventilation conditions (Waugh and Waugh). 2000;29:424-8
Necrotizing fasciitis; *see* Fasciitis
Needles
Effects of changing needles prior to administering heparin subcutaneously (Klingman). 2000;29:70-5
Neonatal intensive care units; *see* Intensive care units, neonatal
Neoplasm metastasis
Atrial fibrillation and tumor emboli as manifestations of metastatic leiomyosarcoma to the heart and lung (Lopez et al). 2000;29:47-9
Neuromuscular blocking agents
Agreement between muscle movement and peripheral nerve stimulation in critically ill pediatric patients receiving neuromuscular blocking agents (Peña et al). 2000;29:309-18
Nurses
Advanced practice nursing role delineation in acute and critical care: application of the Strong Model of Advanced Practice (Mick and Ackerman). 2000;29:210-21

Antiphospholipid antibody syndrome: implications for nursing practice (Brenner and Myer). 2000;29:331-9
Assessment of alternative hand hygiene regimens to improve skin health among neonatal intensive care unit nurses (Larson et al). 2000;29:136-42
Domains of nursing intervention after sudden cardiac arrest and automatic internal cardioverter defibrillator implantation (Dougherty et al). 2000;29:79-86. Correction 2000;29:195
Preventing treatment interference: the nurse's role in maintaining technologic devices (Happ). 2000;29:60-9

O

Outpatients
Differences in skin flora between inpatients and chronically ill outpatients (Larson et al). 2000;29:298-305

P

Parents
Communication patterns and decision making among parents and health care providers in the neonatal intensive care unit: a case study (Sudia-Robinson and Freeman). 2000;29:143-8
Passy-Muir speaking valve; *see* Equipment and supplies
Patient care management
Development and testing of a clinical tool measuring self-management of heart failure (Riegel et al). 2000;29:4-15
Functional status outcomes of patients with a coronary artery bypass graft over time (Barnason et al). 2000;29:33-46
Recognition of patients who require emergency assistance: a descriptive study (Cioffi). 2000;29:262-8
Patient education
Antiphospholipid antibody syndrome: implications for nursing practice (Brenner and Myer). 2000;29:331-9
Asthma education: creating a partnership (Reinke and Hoffman). 2000;29:225-36
Managing the nonsurgical candidate with an empyema related to community-acquired lobar pneumonia (McLaughlin). 2000;29:378-82
Self-care and quality of life in patients with advanced heart failure: the effect of a supportive educational intervention (Jaarsma et al). 2000;29:319-30
Pediatric patient; *see* Child
Peer group
A randomized, controlled trial of vicarious experience through peer support for male first-time cardiac surgery patients: impact on anxiety, self-efficacy expectation, and self-reported activity (Parent and Fortin). 2000;29:389-400
Peripheral nerves
Agreement between muscle movement and peripheral nerve stimulation in critically ill pediatric patients receiving neuromuscular blocking agents (Peña et al). 2000;29:309-18
Physical therapy
Bronchopulmonary hygiene physical therapy in bronchiectasis and chronic obstructive pulmonary disease: a systematic review (Jones and Rowe). 2000;29:125-35
Physician-patient relations
Asthma education: creating a partnership (Reinke and Hoffman). 2000;29:225-36
Physicians
Estimation of effective radiation dose for physicians and staff members in contrast angiocardiography (Al-Shakhrah and Abu-Khaled). 2000;29:417-23
Pilot projects
A pilot study exploring mood state and dyspnea in mechanically ventilated patients (Connelly et al). 2000;29:173-9
Plasmodium falciparum* malaria; *see* Malaria, *Plasmodium falciparum
Pneumonia, lobar
Managing the nonsurgical candidate with an empyema related to community-acquired lobar pneumonia (McLaughlin). 2000;29:378-82
Population
Quality of life comparisons: gender and population differences in cardiopulmonary rehabilitation (McEntee and Badenhop). 2000;29:340-7
Prevention
COPD: focus on prevention: recommendations of the National Lung Health Education Program (Boyle and Waters). 2000;29:446-9
Psychological distress; *see* Stress
Pulmonary artery
Incidence of cardiac dysrhythmias in patients during pulmonary artery catheter removal after cardiac surgery (Baldwin and Heland). 2000;29:155-60

Q

Quality of life
Quality of life comparisons: gender and population differences in cardiopulmonary rehabilitation (McEntee and Badenhop). 2000;29:340-7
Quality of life 12 months after coronary artery bypass graft surgery (Hunt et al). 2000;29:401-11
Research on the quality of life of lung transplant candidates and recipients: an integrative review (Lanuza et al). 2000;29:180-95
Self-care and quality of life in patients with advanced heart failure: the effect of a supportive educational intervention (Jaarsma et al). 2000;29:319-30

R

Radiation dosage
Estimation of effective radiation dose for physicians and staff members in contrast angiocardiography (Al-Shakhrah and Abu-Khaled). 2000;29:417-23
Rehabilitation
Psychologic distress among spouses of patients undergoing cardiac rehabilitation (O'Farrell et al). 2000;29:97-104
Quality of life comparisons: gender and population differences in cardiopulmonary rehabilitation (McEntee and Badenhop). 2000;29:340-7
Reproducibility of results
Reliability and validity of the Critical Care Family Needs Inventory in a Dutch-speaking Belgian sample (Bijttebier et al). 2000;29:278-86
Research
A case for multisite studies in critical care (Lindquist et al). 2000;29:269-77
Preventing treatment interference: the nurse's role in maintaining technologic devices (Happ). 2000;29:60-9
Respiration, artificial
Hemodynamic effects of intermittent manual lung hyperinflation in patients with septic shock (Jellema et al). 2000;29:356-66
A pilot study exploring mood state and dyspnea in mechanically ventilated patients (Connelly et al). 2000;29:173-9
Water accumulation in metered dose inhaler spacers under normal mechanical ventilation conditions (Waugh and Waugh). 2000;29:424-8
Respiratory distress syndrome, adult
Adult respiratory distress syndrome complicating *Plasmodium falciparum* malaria (Asiedu and Sherman). 2000;29:294-7
Respiratory Nursing Society
Gender differences in coping styles and coping effectiveness in chronic obstructive pulmonary disease groups (Frey). 2000;29:367-77
Get to know the Respiratory Nursing Society (Respiratory Nursing Society). 2000;29:152-3
Join us in DC! (Respiratory Nursing Society). 2000;29:76-7
Review literature
Family assessment tools: a review of the literature from 1978-1997 (Neabel et al). 2000;29:196-209
Perceived learning needs of the patient undergoing coronary angioplasty: an integrative review of the literature (Gentz). 2000;29:161-72
Stenotrophomonas maltophilia endocarditis of prosthetic aortic valve: report of a case and review of literature (Mehta et al). 2000;29:351-5
Reviewers
Acknowledgement of reviewers. 2000;29:1-2
Role
Advanced practice nursing role delineation in acute and critical care: application of the Strong Model of Advanced Practice (Mick and Ackerman). 2000;29:210-21
Preventing treatment interference: the nurse's role in maintaining technologic devices (Happ). 2000;29:60-9

S

Self assessment
A randomized, controlled trial of vicarious experience through peer support for male first-time cardiac surgery patients: impact on anxiety, self-efficacy expectation, and self-reported activity (Parent and Fortin). 2000;29:389-400
Self-care
Development and testing of a clinical tool measuring self-management of heart failure (Riegel et al). 2000;29:4-15
Dyspnea self-management in African Americans with chronic lung disease (Nield). 2000;29:50-5
Self-care and quality of life in patients with advanced heart failure: the effect of a supportive educational intervention (Jaarsma et al). 2000;29:319-30

Self-help groups
Help seeking in a support group for recipients of implantable cardioverter defibrillators and their support persons (Dickerson et al). 2000;29:87-96
Septic arthritis; *see* Arthritis, infectious
Sex
Gender differences in coping styles and coping effectiveness in chronic obstructive pulmonary disease groups (Frey). 2000;29:367-77
Quality of life comparisons: gender and population differences in cardiopulmonary rehabilitation (McEntee and Badenhop). 2000;29:340-7
Shock, septic
Hemodynamic effects of intermittent manual lung hyperinflation in patients with septic shock (Jellema et al). 2000;29:356-66
Skin
Assessment of alternative hand hygiene regimens to improve skin health among neonatal intensive care unit nurses (Larson et al). 2000;29:136-42
Differences in skin flora between inpatients and chronically ill outpatients (Larson et al). 2000;29:298-305
Smoking cessation
Women's Initiative for Nonsmoking (WINS) I: design and methods (Froelicher and Christopherson). 2000;29:429-37
Women's Initiative for Nonsmoking (WINS) II: the intervention (Martin et al). 2000;29:438-45
Social support
Help seeking in a support group for recipients of implantable cardioverter defibrillators and their support persons (Dickerson et al). 2000;29:87-96
Sotalol
High defibrillation threshold at cardioverter defibrillator implantation under amiodarone treatment: favorable effects of D,L-sotalol (Boriani et al). 2000;29:412-6
Speech
Effect of the Passy-Muir tracheostomy speaking valve on pulmonary aspiration in adults (Elpern et al). 2000;29:287-93
Spouse; *see* Family
Staff members; *see* Health personnel
Staphylococcus aureus
Persistent septic arthritis with recurrent bacteremia as a result of a tolerant strain of *Staphylococcus aureus* (Go et al). 2000;29:383-5
Stenotrophomonas maltophilia
Stenotrophomonas maltophilia endocarditis of prosthetic aortic valve: report of a case and review of literature (Mehta et al). 2000;29:351-5
Stress
Psychologic distress among spouses of patients undergoing cardiac rehabilitation (O'Farrell et al). 2000;29:97-104
Strong Model of Advanced Practice
Advanced practice nursing role delineation in acute and critical care: application of the Strong Model of Advanced Practice (Mick and Ackerman). 2000;29:210-21
Subcutaneous administration; *see* Injections, subcutaneous

T

Tachycardia
Broad-complex tachycardia (Abhayaratna and Nikolić). 2000;29:386-8
Broad-complex tachycardia in a young man (Boes and Nikolić). 2000;29:149-51
Misdiagnosis of broad-complex tachycardia (Nikolić). 2000;29:453-4
Teaching hospitals; *see* Hospitals, teaching
Technology
Preventing treatment interference: the nurse's role in maintaining technologic devices (Happ). 2000;29:60-9
Therapy
Current medical therapy for advanced heart failure (Gheorghiade et al). 2000;29:16-32
Thorax
Escherichia coli chest-wall hemorrhagic cellulitis associated with central-line placement (Hansen and Cunha). 2000;29:450-2
Thrombophlebitis
Spectrum of upper-extremity deep venous thrombosis in a community teaching hospital (Marinella et al). 2000;29:113-7
Tracheostomy
Effect of the Passy-Muir tracheostomy speaking valve on pulmonary aspiration in adults (Elpern et al). 2000;29:287-93
Treatment
Current medical therapy for advanced heart failure (Gheorghiade et al). 2000;29:16-32
Development and testing of a clinical tool measuring self-management of heart failure (Riegel et al). 2000;29:4-15
Functional status outcomes of patients with a coronary artery bypass graft over time (Barnason et al). 2000;29:33-46
Preventing treatment interference: the nurse's role in maintaining technologic devices (Happ). 2000;29:60-9
Therapeutic connection: help seeking on the Internet for persons with implantable cardioverter defibrillators (Dickerson et al). 2000;29:248-55
Treatment-seeking behavior for acute myocardial infarction symptoms in North America and Australia (McKinley et al). 2000;29:237-47

V

Ventilators, mechanical
Humidification method that decreases condensate contamination in ventilator tubing (Austan and Suzukawa). 2000;29:56-9

W

Water
Water accumulation in metered dose inhaler spacers under normal mechanical ventilation conditions (Waugh and Waugh). 2000;29:424-8
Women
Meaning of illness for women with coronary heart disease (Rosenfeld and Gilkeson). 2000;29:105-12
Women's Initiative for Nonsmoking
Women's Initiative for Nonsmoking (WINS) I: design and methods (Froelicher and Christopherson). 2000;29:429-37
Women's Initiative for Nonsmoking (WINS) II: the intervention (Martin et al). 2000;29:438-45
